

CUSTOMER SERVICE ADVICE FROM TELSTRA

Delay due to criminal damage in the Sydney Metropolitan Area.

As previously notified by Telstra on Friday 26 July 2019, a number of Telstra network facilities across the greater Sydney Metropolitan area were damaged by third parties on or about Tuesday 16 July 2019. This event resulted in extensive damage to Telstra's telecommunications network. To ensure the safety of our people, contractors, access seekers and customers, and in compliance with the Work Health and Safety Act 2011, the affected sites will be closed to normal activity, until safety inspections have been completed and any safety issues resolved. We are also implementing additional security measures across our facilities in Sydney.

Due to these circumstances, the impact in the affected region has been greater than initially estimated, the expected recovery date has now been extended to 18 August 2019.

The effect of these circumstances applies to an additional 2,000 services bringing the total number of services impacted to approximately 5,000 services. Based on current information, the resumption date of normal service operations is expected to be 18 August 2019. This date is indicative only; Telstra customers should anticipate that some further delays may occur.

Telstra services encompassed in this exemption are in the area bounded by and including, but are not limited to the area starting at Ben Buckler Point following the coastline south past Bondi Beach and Coogee to Cronulla. From Cronulla the area heads west past Lucas Heights to Woodbine, northwest to Rossmore then north to Oxley Park. The area turns northeast past Kenthurst to Berowra Heights, southeast to Forestville, south to Surry Hills then east back to Ben Buckler Point. All suburbs and towns, including metropolitan Sydney, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.
